

Coming Soon + Recently Added

Coming Soon

- I want to add Animal Anatomy Pages
- Fix for the Pinterest Board
- I gotta promote the 'Free to Use' aspect for teachers a bit more, probably on the landing page
- Regular server backups to external S3 storage
- A page that leads to good alternative resources
- More weekly prize money (if I get a good sponsor)
- System Email switch, because the registration system will stop working in March 2026

Recently Added

- Semi-automated the weekly thumbnail rotation on the landing page (26.01.2026)
- Wikipedia Feature (link pages within a page) should now work properly (17.01.2026)
- Bone-Pages are released for all Shelves, *alpha testing* (08.01.2026)
- Completed a new [template](#) for Bone-Pages (08.01.2026)
- [Video Tutorial](#) for the page editor (07.09.2025)
- Partner section on the Homepage (18.08.2025)
- A complete Footer, the thing on the bottom of a website (12.08.2025)
- A simple version of pages for people with less time -> '[Quick Pages](#)' (09.08.2025)
 - [Pinterest Board](#) to search for art-anatomy, but visuals only
- A [template](#) for whole body parts
- [Weekly money raffle for Creators](#) (30.06.2025)
- YouTube video explaining the creating process (07.06.2025)
- Custom landing page with recommended pages (small thumbnails)
- Cloudflare CDN for faster connection all over the world
- 2 example pages that can be used for reference

Feel free to comment on this list ↓ What should I add?

Revision #22
