# How the get featured on the Homepage

You wonder how to get your page featured on the Homepage of the AnatomyArchive?

The answer is simple: Just **send an email to [info\(at\)anatomyarchive.org](mailto:info@anatomyarchive.org)** with a link to your page. You can add some text, but it's not necessary. Maybe you'll even get featured without asking.

I plan on rotating the featured section **monthly/weekly/daily** once there are enough pages.
