Monthly Money Raffle for Creators

I am doing a monthly raffle to help the AnatomyArchive (Anatomy Archive) grow. I know it is time consuming to create a page, so I want to reward you!

> The Monthly Money Raffle is paused since July 2026. I need to improve the site and create more traffic before I continue to give away money :)
>
> I hope this wont stop you from creating new pages - and you even reading this right now means a lot, thank you
> We will be back!

How to participate

Every page uploaded in the past month counts!
I does not matter what kind of page: Can be a *Quick Page, Muscle page, Bone page, Term Explanation page, ...*

(page just means article)

How much

$20 every month (1st day of the month)

For Your Interest
I hope to to **raise the prize money** someday, but I'll probably need a sponsor for that. (I'm just a broke art student) Switched from weekly to monthly raffles in November 2025 because it was too expensive for me. I really want to switch it back soon though, because that means **more artists** could win

something.

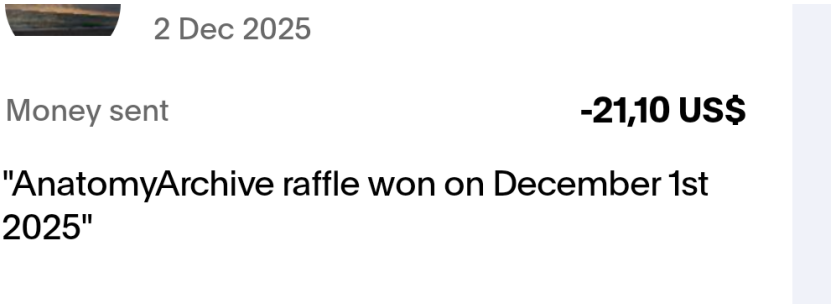

Update: It was still too expensive, so I paused it completetly in July 2026. We will be back hopefully!

How is the money sent to you

via **PayPal** usually
I will contact the winner via the **Email** (check your spam folder please) that is connected to the AnatomyArchive account. If I do not get an answer within a week, the money is lost. A troll page with 3 words will obviously not be counted.

First raffle started on June 30th 2025

*If you want to see **all previous winners**: Join the **Official Discord** and look at **#winners***

example for December

Revision #25
