

Support the AnatomyArchive

Donations

This project will always be 100% free to all users.

However, if you want to support me or cover some of the maintenance costs, I would greatly appreciate [a coffee](#).

How can I support in a non-financial way?

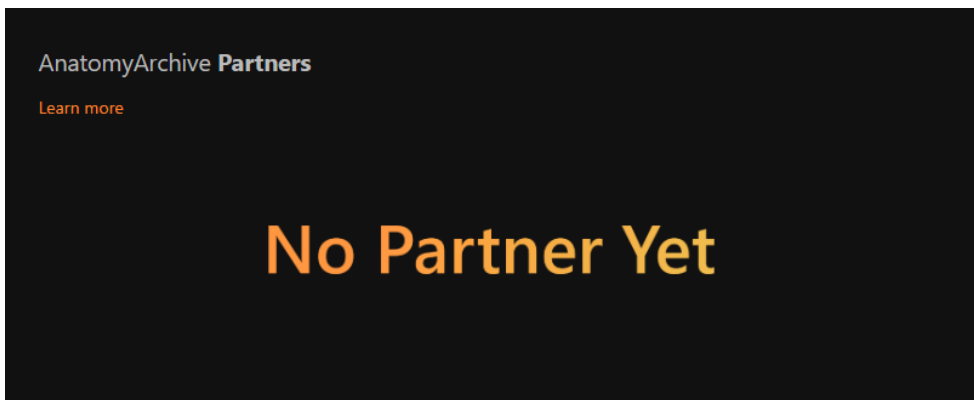

Great question! Just **share the website with your artist friends** and tell them the secret to learning anatomy: Actually draw or write down the stuff you want to memorize = Create a page on the AnatomyArchive :)

Partners

You have a **collaboration offer** for the AnatomyArchive?

Shoot your shot and [contact me](#) to get your logo featured on the homepage, just like this:
(Your website will be attached to the logo, so that people can click on it)

Sponsors

Enormously boost the development of my project and **get your brand name out there**. Great impressions if your company has something to do with the art industry! Your website will be attached to the logo, so that people can click on it.

Interested? Let's run it via [Ko-fi](#)

Sponsor Terms

- The sponsor duration is on a monthly basis: Your logo will be displayed the same amount of months that you sponsor the project.
- I reserve the right to reject displaying your logo for any reason. Generally I would only want to display companies that are suitable for the AnatomyArchive audience. Examples of non-suitable categories: Crypto, Gambling, Adult Entertainment, etc...
- It's not always possible to refund a payment via the sponsor options. If you need to be sure of reward (that I would display your logo), please [contact me](#) first to confirm eligibility before paying for a sponsor tier.
- Provided logo files may be modified to ensure they display in a standardized and expected manner (For example to make them visible in dark and white mode).
- Provided logos are expected to be just the logo of a company, no additional advertisement/marketing/messaging content.
